- Body : PAG + fiberglass / Bar : carbon steel
- Jaw: Soft TPR
- Pressure: 150kgs
- Twisting knob quickly converts from clamp to spread and requires no tools
- Patented pistol grip design enhances comfort and easy of use
- High quickly ridged plastic body for tough industrial and professional use
- Non-marring pads grip firmly and protect work
- Designed for extended durability and long lasting wear
- Clamping force up to 150kg
- Ideal for clamping spreading, gluing holding work for sawing / drilling and positioning work for fastening
